THE STATE OF NEW HAMPSHIRE

To the Inhabitants of the Town of Errol in the County of Coos in said State, qualified to vote in Town affairs:

You are hereby notified to meet at the Town Hall in said Errol on Tuesday, the 11th day of March, next at 10 of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary Town Officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

3. To raise such sums of money as may be necessary for the repair of highways and bridges.

4. To see what sum of money the town will vote to raise for the public library.

5. To see what sum of money the town will vote to raise for the fire department.

6. To see what sum of money the town will vote to raise for the police department.

7. To see what sum of money the town will vote to raise for the town poor.

8. To see what sum of money the town will vote to raise for Old Age Assistance.

9. To see what sum of money the town will vote to raise for the cemetery.

10. To see what the town will vote to do with the Capital reserve fund.

11. To see what sum of money the town will vote to raise for the White Mountain Region Assn.

12. To see if the town will vote to buy a war memorial and appropriate money for same.

13. To see what action the town will take in regard to the town water works and appropriate money for same.

14. "To see if the town will authorize the selectmen to secure the assistance of the State Tax Commission in reappraising the taxable property in the town in order to secure greater equality as between taxpayers, and to insure the assessment of all property in the town on the same standard of value, and to raise and appropriate money to pay for the same."

15. "To see if the town will vote to petition the State Tax Commission to have an audit made by the Division of Municipal Accounting, and to make an appropriation to cover the expense of such audit."

Given under our hands and seal, this 17th day of February, in the year of our Lord nineteen hundred and forty seven.

SUPERINTENDENT'S REPORT

1946-1947

To the School Board and Citizens of Errol:

I hereby respectfully submit my first annual report of the Errol School District.

I. Statistics

The following is a table showing the Grade distribution in the Errol Central School.

Grade	Errol	Went. Loc.	Magal-loway	Mills.-field	Total
1	3	3	1	0	7
2	3	1	0	0	4
3	5	2	1	0	8
4	2	1	3	0	6
5	7	1	0	0	8
6	5	1	0	0	6
7	2	1	0	1	4
8	4	1	1	0	6
9	1	2	0	0	3
10	1	0	0	0	1
Totals	33	13	6	1	53

Perfect Attendance: The following named pupils are to be congratulated on their earnestness of purpose in that they maintained a record of perfect attendance for the school year 1945-46.

Clara Grover, Mary Grover, Grover McLeod, Ralph Sweatt, Beverly Turner, Etta Raymond, Marilyn Hurlburt, Burton McLeod, Lois Turner, Edna Sweeney.

II. Teachers

We all know the scarcity of candidates in the teaching profession which has reached in this year a

new high. With the close of the war, the anticipated increase was not forthcoming, and it looks as though the emergency will continue for three or four more years.

We have been fortunate in Errol to be able to have Mr. Robert Owens and Mrs. Esther Bean remain with us and it is again fortunate that we were able to secure the services of Mrs. Dorothy Campbell and Mrs. Shirley Hawkins to fill the position left vacant by Mrs. Isabell Linnell.

I feel that under the present conditions the methods and techniques used by the above-named teachers assures a high average of attainment by our students.

III. Curriculum

The state program in the elementary field is being followed and standards are being maintained. The program in grades 9 and 10 is limited and due to the shortage of a teacher, the high school program is not credited by the State Department of Education. Graduates from our 9th and 10th grades, however, are given full credit in the Berlin schools and upon recommendation of the Superintendent of Schools, other secondary schools will accept credit for work done through grade 9.

Audio-visual education, the use of the motion picture in the classroom, has come to the front in education during the last decade, and it is hoped that with the procurement of a moving picture projector this important adjunct to learning will aid our young men and women.

IV. Recommendations and Conclusions

1. It seems to me to be desirable that a definite stand be taken on the question of the inclusion or exclusion of the high school grades in the Central School. If this be the case, then I believe that if the high

school grades are kept, a full program should be offered with the procurement of an additional teacher to carry it out, or the separation of the 7th and 8th grades from the high school program, leaving one teacher free to teach only the secondary program. This is a matter for the community to decide, though it should keep in mind the expense involved and the scarcity of teachers when the decision is eventually made.

2. I would recommend a continuous replacement of out-moded textbooks, especially now when the market is reviving itself from the war emergency.

3. If possible, serious thought and effort on the part of the citizens and teachers should be made concerning a definite program of hot lunches during the winter months.

4. The pupil activity program, dramatics, sports, citizenship, etc., needs to be stepped up in order that our young people may enjoy this very important part of their education.

5. The Errol school house is at present in an average state of repair though continuous upkeep is needed and the possible painting of the school house should be given serious consideration.

6. My supervisory visits have indicated that the administration of the school is better than the average, the discipline good and the morale excellent, both from the point of view of the teachers and pupils.

7. I wish to express my appreciation and thanks for the cooperation given me in my work by the School Board, teachers and public. It is only through their combined efforts that the school in Errol can serve "all the children of all the people."

Respectfully submitted,

L. MUNRO GRANDY

REPORT OF THE WHITE MOUNTAINS REGION ASSOCIATION

To the Voters of the Town of Errol:

Your region association submits the following report for the year 1946:

Every town (46) contributed toward the support of association work. Some of the projects which these funds enabled the association to aid or accomplish were:

Locating a shoe-stitching plant in Lisbon employing 75 or more.

Locating a regional grocery warehouse in North Haverhill, nearing completion, to employ 50 persons and a large trailer-truck fleet.

Continuing Mountaineer summer rail service; fast through New York week-day service; week-end sleeper service; improved winter service.

Continuing prize contest for 4-H clubs and members to encourage young farmers.

Inaugurating prize meet for high school ski teams to encourage outdoor winter sports.

Assisting national ski races held at Franconia.

Continuing annual Ragweed Elimination campaign.

Surveying region vocational education needs and making recommendations to state commission.

Sending Real Estate prospect bulletins to agents and owners to promote sales; organizing Real Estate Board.

Conferring with boards of trade to assist on local problems.

Holding sectional meetings with councilmen and selectmen to discover means to assist.

Securing assistance of state and national officials on region and town problems.

Cooperating with State Forestry and Recreation Commission to make plans for general regional development.

Cooperating with State Aeronautics Commission to insure region ports and service.

Representating region interests at conferences on industry, community welfare, winter sports, vacation business, etc.

Cooperating with State and New England agencies to secure data on accommodations, developments, etc.

Furnishing material and pictures for many stories in newspapers and magazines, data to schools, departments, etc., and cuts for use in town promotional material.

Printing and distributing 20,000 summer booklets and 20,000 winter folders, listing accommodations in all towns; distributing 10,000 fishing-hunting folders with sporting camps, laws, pictures, etc., and attending three shows to answer inquiries; arranging publication of 100,000 general 4-season pictorial folders listing all towns; distributing 2500 health folders; as well as several thousand pieces of other material.

Your association, with your help, can and will continue to do its utmost to promote along all lines the welfare of the region and its towns.

HELP YOUR FOREST FIRE WARDEN PREVENT FIRES—IT PAYS!

Prevention is one of the most important phases of all fire effort. This is particularly true of forest fire control work. Preventing forest fires preserves valuable forest growth and other property, conserves man power and permits their use in productive channels, saves taxpayers' money and conserves fire fighting equipment.

The prevention of forest fires is the most important and difficult part of the work of your forest fire warden who heads a local organization set up primarily for the security of your community's forest property. Appointed by the State Forester, upon recommendation of the Selectmen, he is charged by law with the responsibility of local administration of forest fire laws, fire prevention and suppression. In his work he is aided by deputy forest fire wardens who, in emergency, may assume his power and authority . The warden is guided in his work by instructions received from the State Forester and by the District Fire Chief who represents the State Forester.

The importance and value of the work of the forest fire warden and his deputies is, perhaps, best appreciated during hazardous periods when fire danger is greatest. The public, however, looks to him at all times for speedy and economical suppression of going fires.

To properly fulfill his mission, the warden needs the generous and understanding cooperation of the public at large. He attempts to secure this cooperation by the posting of caution notices, news items and by word of mouth, always carefully explaining the necessity of restrictions imposed. In the matter of giving cooperation, however, the public often fails. The record shows that an average of 7,300 acres of woodland are burned over by forest fires in New Hampshire each year. Analysis of fire causes reveal the fact that more than 98 per cent of all forest fires are,

consistently, the result of human carelessness and are preventable.

The careless smoker fails to properly extinguish his cigar, cigarette or pipe ashes or thoughtlessly throws them from the car window; the debris burner fails or refuses to consult the warden, as the law requires when the ground is not covered with snow, before attempting to burn; campers fail to properly extinguish their fires or frequently build fires when conditions are unfavorable.

The elimination of human causes from the forest fire problem is the answer. This is not as difficult of accomplishment as it might appear at first glance. Let each one who reads this

1. Use ordinary common sense with fire in and near woodland.

2. Comply with requirements on the use of fire in and near woodland and when the ground is not covered with snow, secure written permission to burn from the forest fire warden.

3. Be careful when smoking in or near woodlands. Don't throw lighted material from moving vehicles.

4. Cooperate with and assist the warden and urge others to do so.

5. HELP YOUR FOREST FIRE WARDEN PREVENT FIRES——his efforts are only as effective as is the cooperation you give him!

DISTRICT FIRE CHIEF
